

PENNSYLVANIA RAILROAD SYSTEM  
WASHINGTON BROADWAY LIMITED

Few Eve  
Wash. D.C.

Dear Mama & Bill:-

I got here about noon to-day  
the train was a bit late on  
account of so much snow. I  
was sure tired when I got here  
and I have slept most of  
the afternoon. I sure had  
a good time in the city went  
all over the Uni. and saw  
all of Junes friends. Jane gave  
us dinner Sat nite & they  
were away Sunday so we got  
our own. I can imagine  
you putting the kids to bed

about now How did they get along  
at Jacksons? I told Jane what  
you said about not having much to  
write except games. she said it  
made Maurice sick almost when he  
thought about Glenwood. He is not  
going to try + coach again. I

have not seen much of Wash yet  
but it seems to be quite a city  
am going to take it in  
thoroughly tomorrow. I sure  
had a quiet trip most of the  
time I was the only person in  
the car. There was only one other  
woman on the train so you see  
I did not get acquainted very  
extensively. I went to bed very  
early but did not sleep very well.  
This train shoots along about 60 or 70  
miles per hr. + only makes 4 or  
5 stops between Wash + Chi.

It was sure a fast one  
well worth a gain when I get  
there I've gotten to write so much  
on the way I probably won't telegraph  
for

Mildred
